“ It was my first time away from home. I got to be super independent and try lots of new things. I felt brave when I did the tree climbing, thank you for encouraging me that it wasn't too high!”

Why outdoor learning

Outdoor learning offers children and young people unparalleled benefits when it comes to physical and mental wellbeing.

At UK Youth, we believe that the outdoors, and all the experiences it offers should be **available to all**. Being in the fresh air and working as a team is not only physically beneficial, but **contributes to a young persons' personal, social and educational development**.

It is these experiences that enable them to get involved, grow and learn, build character, give back and gain independence.
